Dave Pace presented his plan to build a duplex next to a City drainage area next to 931 Exhibit Circle. Dave asked if he could build up to the lot line. Zibell and Duvalle stated the Committee would be only making a recommendation to the Zoning Board. Motion by Polk seconded by Craker to make a recommendation to the Zoning Board allowing a zero feet setback along the west property line of 931 Exhibit Circle.

Motion Carried

Doug from Peterson Sanitation discussed going with a new automated garbage truck to be operated by one person. The truck would be able to reach out 10 feet and grab the bins to dump into the truck. Doug stated they would supply new 95 gallon totes for recycling and only pick up recycling every other week. The garbage would be picked up every week with the current 65 gallon totes and residents would have the option if they wanted a larger 95-gallon tote for garbage since outside bags wouldn't be allowed. Everything would need to be in the totes. Peterson also would like a seven-year contract with the first two years at our current rate of \$12.34 per month. Motion by Knudsen seconded by Backeberg to recommend proposal from Peterson Sanitation to Common Council.

Motion Carried

Zibell and Woolever presented bids for South Wengel Drive and the new City Shop site work. Three contractors bid on the job with Holtz Lime and Gravel being the low bid. Zibell explained there was an increase in cost due to the need for rock excavation. Motion by Backeberg seconded by Craker to approve and recommend the low bid from Holtz lime and Gravel in the amount of \$657,520.30
